upgraded as below:

(a) Department of Telecom Services (DTS) is setting up national internet backbone in the country.

(b) Internet Service Providers are allowed to set up last mile linkages freely by fibre optic or by radio communication.

(c) The Internet access is also allowed through authorized cable TV.

The tariff for internet access has been recently reduced. DTS have recently offered 20% concession on rental for leased lines taken and used for internet applications. Students are being given one time concession on internet accounts by DTS. Access to internet on local call basis from the nearest internet node has been provided throughout the country except in Andaman and Nicobar Island and Leh (J and K). The existing departmental Public Gall Operators (PCO) and Subscriber Trunk Dailing (STD) booths are proposed to be upgraded to public tele-info/cyber centres. These centres will provide multi-utility services such as internet, e-mail access and internet libraries.

To provide the legal framework for transaction on Internet and e-commerce, Information Technology Bill, 1999 was introduced in the last session of the Parliament. Such a legal framework will facilitate and give a fillip to the e-commerce activities in the country.
